Tryouts will be held at **Grant Park (21st and C St)**. Although the tryouts for most teams are scheduled in January, the Select season will not start until June or July. Email the Select coach or myself for details on the length of the Select season.

Players must attend at least one tryout session and should attempt to attend both sessions. If you plan on having your child try out we ask that you **RSVP to the coach** of the Select team and myself at your earliest convenience. The RSVPs give our coaches important information for planning purposes as to how many people will be trying out. For those of you who RSVP, the coach will send you a fact sheet with further information before the tryouts.
